

## **AIE Events in 2006**

### **Newcastle**

#### ***AGM***

7 December 2006

### **Adelaide**

#### ***Smart Metering: Global and Local Trends and Experiences***

Cathy Zoi Executive Director, Bayard Group

4 December 2006

### **Melbourne**

#### ***AGM***

27 November 2006

### **National**

#### ***AGM***

Melbourne

27 November 2006

[Annual Report & Accounts - 2005/2006](#)

[Minutes of 28th AGM - 2005](#)

### **AIE National Conference 2006**

National Postgraduate Student energy Awards

#### ***Energy at the Crossroads***

University of Melbourne

27 to 29 November 2006,

### **Perth**

#### ***24th Annual General Meeting of the Perth Branch***

22 November 2006

### **Adelaide**

#### ***Network 2025 - Transmission network planning beyond the 10 year Annual Planning Review***

Ian Stirling CEO, ElectraNet Pty Ltd

27 September 2006

### **Melbourne**

#### ***Who Killed the Electric Car?***

Exclusive preview screening

25 October 2006

### **Adelaide**

Annual Forum and Dinner

#### ***Transport Fuels: Future Prices and Supply Security Risks***

9 November 2006

### **Sydney**

## ***Branch AGM***

6 November 2006

## **Melbourne**

### ***Utilising Geothermal Energy in Victoria***

Jim Driscoll – Minerals & Petroleum, DPI

Phil Galloway – Syncline Energy

27 September 2006

[Report and Presentations](#)

## **Sydney**

### ***Solar Thermal Power as an Option for Baseload Generation in Australia***

Peter Le Lievre from Solar Heat & Power

Glen Currie from CSIRO

18 September 2006

## **Sydney**

### ***Gasoline, Diesel, Hybrids, Fuel Cell - DaimlerChrysler's Roadmap to the Energy for the Future***

Dr Andreas Truckenbrodt, Executive Director - Hybrid Development Center, DaimlerChrysler AG

7 September 2006

## **Sydney**

### ***NSW-ACT Postgraduate Student Energy Awards***

5 September 2006

[Results and photos](#)

## **Melbourne**

### ***Liberal Party Energy Policies***

The Hon Philip Davis MLC

30 August 2006

## **Hobart**

### ***Australian Government initiatives to reduce greenhouse gas emissions in the energy sector***

Howard Bamsey head of the Australian Greenhouse Office

28 August 2006

## **Brisbane**

### ***High Density Energy Storage Using a PCM Energy Cell with Closed Cycle Gas Turbine for Solar and Wind Application***

Dr Patrick Glynn CSIRO

28 August 2006

## **Perth**

### ***Seventh Energy in Western Australia Conference 2006***

23 - 24 August 2006

## **Sydney**

### ***Fusion Energy and ITER - an Opportunity for Australia***

Dr Barry Green, European Commission  
15 August 2006

## **Sydney**

### ***Beyond CO<sub>2</sub>: What's happening about SO<sub>x</sub>, NO<sub>x</sub>, VOC and particulates from Stationary Steam & Power Generators?***

9 August 2006

## **Adelaide**

### ***Fusion Energy and the ITER Project: the Next Step to a Sustainable Future***

Barry Green, Energy Directorate, European Commission  
3 August 2006

## **Melbourne**

### ***The Status of Fusion Power - The ITER International Demonstration Project***

Dr Barry Green  
2 August 2006

## **Adelaide**

### ***Oil Search and the PNG Gas Project***

Peter Botten, Managing Director Oil Search Ltd  
13 July 2006

## **Perth**

### ***Fusion Energy and the ITER Project: the Next Step to a Sustainable Future***

Dr Barry Green - Directorate General for Research European Commission  
27 July 2006

## **Sydney**

AIE half-day symposium

### ***Energy in NSW - 2006 and Beyond***

Sponsored by the NSW Department of Energy, Utilities & Sustainability, Macquarie Generation, the Nous Group and Origin Energy  
19 July 2006

[Presentations](#)

## **Sydney**

### ***Can coal meet the challenges of a world demanding clean energy?***

Frank van Schagen CEO of the CRC for Coal in Sustainable Development  
3 July 2006

## **Brisbane**

### ***Underground Coal Gasification – Technology Review & Gas-to-Liquids Applications***

6 July 2006

## **Melbourne**

Breakfast Seminar

### ***Brown Coal Gasification Made Easy***

Dr. Chris Hamilton, CH Energy

26 April 2006

## **Sydney**

### ***Wave Power - Blue Gold?***

Dr Raymond Alcorn

Tom Engelsman, Energetech Australia Monday

1 May 2006

## **Sydney**

Cocktails for Young Energy Professionals

### ***Power of Networking***

Linda McDonald, Corporate Learning

18 May 2006

## **Adelaide**

### ***Energy Poor or Energy Rich?***

Graeme Bethune, EnergyQuest

19 May 2006

## **Sydney**

### ***Country Energy's Home Energy Efficiency Trial***

Ben Hamilton, General Manager Corporate Strategy, Country Energy

5 June 2006

## **Perth**

### ***Climate Change Strategy***

Hon. Ian Campbell - Minister for the Environment and Heritage Senator for Western Australia

8 June 2006

## **Adelaide**

### ***Origin Energy in a Changing Environment***

Karen Moses, Chief Operating Officer, Australia Origin Energy

8 June 2006

## **Melbourne**

### ***Alinta - Building and Executing a National Strategy***

Bob Browning, CEO of Alinta

June 13, 2006

## **Sydney**

### ***2006 BP Statistical Review of World Energy***

Mark Finley, Head of Energy Analysis, BP UK

17 June 2006

## **Adelaide**

### ***The prospects for Biodiesel as a transport fuel***

Darryl Butcher, CEO, Australian Renewable Fuels  
19 April 2006

## **Adelaide**

### ***Demand Management and the South Australian Power System***

Lew Owens ETSA Utilities  
23 March 2006

## **Canberra**

### ***ActewAGL and Wind Energy***

Carsten Larsen, General Manager Business Systems and Commercial Development  
6 April 2006

## **Perth**

### ***Renewable Energy Target Legislation for Western Australia***

Paul Llewellyn, MLC Greens WA  
12 April 2006

## **Sydney**

Four Societies meeting

### ***A Cradle to Grave Concept for Australia's Uranium***

Dr Clarence Hardy, Secretary, ANA and Vice-President Pacific Nuclear Council  
22 February 2006

## **Sydney**

### ***What is needed to make wind energy economically viable?***

Miles George of Babcock & Brown  
6 March 2006

## **Melbourne**

### ***Ocean Current Energy, Resources and Technology***

8 March 2006

## **Sydney**

### ***What is good for the Environment is good for (the Energy) Business!***

Professor Norman Myers, Honorary Visiting Fellow, Green College, Oxford University  
10 March 2006

## **Perth,**

### ***The Science in Global Warming and the Consequences for Greenhouse Earth***

Dr. Ray Wills, Adjunct Senior Research Fellow, The University of Western Australia  
15 February 2006

## **Melbourne**

### ***The Solar Tower – A Project Update?***

15 February 2006
