

AIE Events in 2008

Sydney

AGM and Evening Presentation

Geothermal Power - the growth and potential future substitution of coal for base load electricity

David Hawley [Presentation](#)

3 November 2008

Sydney

Young Energy Professionals interactive networking event

Developing your Career in Energy

21 October 2008

Sydney

Mini Symposium

Emissions Trading – International and Domestic Developments

Tony Hill - Blake Dawson - [The Future Legal Aspects of Emissions Trading](#)

Arek Sinanian - Parsons Brinckerhoff - [The Kyoto Protocol – Challenges and Opportunities](#)

Sally Burns - Sigma Global - [International Carbon Project Opportunities](#)

[Photos](#)

14 October 2008

Sydney

Young Energy Professionals Seminar

Water, energy and climate change

17 September 2008

Sydney

Site tour of Mt Piper Power Station

2 September 2008

Sydney

Does energy efficiency have a future? Life under an ETS

EnergyAustralia's Energy Efficiency Centre, Homebush with hands-on display

Robert Smith [Presentation](#)

18 August 2008

Sydney

Half-day Symposium

Energy in NSW 2008 - Supply and Demand-side Prospects

David Hemming - [Keynote Address: Issues for the NSW energy sector](#)

Craig Chambers - [Investment opportunities in the NSW energy sector](#)

Marc Barrington - [The impacts of MRET and emissions trading on the NSW energy mix](#)

Sue-Ern Tan - [Prospects for the local and export coal industry](#)

Paul Myers - [Opportunities for network-driven demand management](#)

David Crossley - [International perspectives on demand management](#)

Martin Poole - [The role of renewable energy in NSW energy supply](#)

29 July 2008

Tasmania

King Island - Towards a Sustainable Energy Future

Ryan Willems

28 July 2008

Sydney

Young Energy Professionals Workshop

Energy Efficiency: What Are We Waiting For?

Doug Thompson - National Framework for Energy Efficiency [Presentation](#)

Mike Jones - Energetics [Presentation](#)

Alistair Sproul - UNSW [Presentation](#)

Brian Callaghan Rheem Australia - Solahart [Presentation](#)

17 June 2008

Sydney

Low Emission Embedded Power and Sewage Disinfection

Ray Cummings- Director of DUT Pty Ltd [Presentation](#)

2 June 2008

Melbourne

Energy Efficiency and Carbon Regulation

Senator Lyn Allison (Democrats Federal Senator)

Diane Barclay, Director, Federal Greenhouse and Energy Reporting Taskforce- Regulatory Framework and Communication team

Mr Mick Anderson (Manager, EREP, Victorian EPA)

Mr Andrew Roden (Manager EEO, Federal Department of Resources, Energy and Tourism)

22 May 2008

Adelaide

APA – Leading the Development of Natural Gas Infrastructure

Mr Mick McCormack – CEO, APA Group

22 May 2008

Adelaide

Ainsworth on Energy

Fraser Ainsworth AM

6 May 2008

Tasmania

The drought and Tasmania's energy situation: Plug into the facts

Ian Barns-Keoghan - Bureau of Meteorology

Wes Ford - DPIW [Presentation](#)

David Marshall - Hydro Tasmania [Presentation](#)

6 May 2008

Sydney

Energy Recovery from Waste / Energy sources for Power Generation

Elmar Offenbacher - Austrian Energy & Environment [Presentation](#)

5 May 2008

Sydney

Young Energy Professionals Workshop

Making Meetings Matter

Interactive workshop

Richard and Maria Maguire, Unfolding Futures

22 April - 2008

Sydney

APEC: Its Role in Energy Security and Climate Change and What It Means for Australia

Robert Pritchard, Managing Director, ResourcesLaw International Monday

[Presentation](#)

21 April 2008

Melbourne

Luncheon Seminar

The Future of Gippsland Oil and Gas/Kipper Gas Project

Wednesday 16 April 2008

Adelaide

Energy Regulation: What's on the Horizon for 2008?

Clay Wohling Partner, Minter Ellison Lawyers

27 March 2008

Sydney

Young Energy Professionals

Interface Between Energy Technology Development and Energy Policy

Dr David Hemming [Presentation](#)

Dr Mark Diesendorf [Presentation](#)

27 March 2008

Melbourne

Increasing Interactions between Energy and Water markets

An Afternoon Discussion with Key Industry Representatives

26 March 2008

Canberra

The IEA's role in addressing global energy challenges

Mr Tanaka, Executive Director of the International Energy Agency

17 March 2008

Sydney

CCS and the Future of Coal-based Power Generation in Australia

Bede Boyle [Presentation](#)

Richard Hunwick [Presentation](#)

10 March 2008

Sydney

The Four Societies Meeting

Future Prospect for Large Scale Solar Thermal Power Technologies

5 March 2008

Melbourne

HRL's Integrated Drying Gasification and Combined Cycle (IDGCC) project

Update on this major project and briefing on the States Energy Technology Innovation Strategy

27 February 2008

Adelaide

Petrol Prices and Australian Consumers

Graeme Samuel AO, Chairman Australian Competition & Consumer Commission

Friday, 22 February 2008

Melbourne

Site Visit - Carlton Brewhouse

To gain a better appreciation of the technical and engineering aspects of this industry

14 February 2008
